

TestCase#	Test Scenario	Test Cases	Test Steps	Test Data	Expected Result	Retesting in V3	Actual Result	Pass/Fail
Login Module								
TC_login_001	Verifying User-ID field	Verifying empty User-ID system displays an error	1-open url "https://demo.guru99.com/V3/" 2- Do not enter a value in User-ID 3-move to the next field	-	System display error message "User-ID must not be blank"		System display error message "User-ID must not be blank"	Pass
TC_login_002		Verifying the customer input a valid user-ID in the database	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on login button	User-Id: 36087 Password: chitooz225	login successfully and redirected to customer page		login successfully and redirected to customer page	Pass
TC_login_003		Verifying the customer input invalid User-ID	1-open url "https://demo.guru99.com/V3/" 2- input invalid user_id 3-input valid password 4-click on login button	User-Id: 360855 Password: chitooz225	System display error message "User is not valid"		System display error message "User is not valid"	Pass
TC_login_004		Verifying the Manager input a valid User-ID in the database	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on login button	User-Id: mngr517711 Password: hUIApEh	login successfully and redirected to Manager page		login successfully and redirected to Manager page	pass
TC_login_005		Verifying the Manager input invalid User-ID	1-open url "https://demo.guru99.com/V3/" 2- input invalid user_id 3-input valid password 4-click on login button	User-Id: mngr517711 Password: hUIApEh	System display error message "User is not valid"		System display error message "User is not valid"	pass
TC_login_006	Verifying Password field	Verifying empty Password system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid User-Id 3- Do not enter a value in User-ID	Password: chitooz225	System display error message "Password must not be blank"		System display error message "Password must not be blank"	pass
TC_login_007		Verifying the customer input a valid Password	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on login button	User-Id: 36087 Password: chitooz225	login successfully and redirected to customer page		login successfully and redirected to customer page	pass
TC_login_008		Verifying the customer input invalid Password	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input invalid password 4-click on login button	User-Id: 36087 Password: chitaf5sd	System display error message "Incorrect User-Id or password"		System display error message "Incorrect User-Id or password"	pass
TC_login_009		Verifying the Manager input a valid Password	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id "Ex" 3-input valid password "Ex" 4-click on login button	User-Id: mngr517711 Password: hUIApEh	login successfully and redirected to Manager page		login successfully and redirected to Manager page	pass
TC_login_010		Verifying the Manager input invalid Password	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input invalid password 4-click on login button	User-Id: mngr517711 Password: hUIApEhmm	System display error message "Incorrect User-Id or password"		System display error message "User is not valid"	pass
TC_login_011		verifying using old password	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input invalid password 4-click on login button	User-Id: 36087 Password: chitooz225	System display error message "User is not valid"		System display error message "User is not valid"	pass
TC_login_012	Verifying Empty User-Id and Password	Verifying Empty User-Id and Password	1-open url "https://demo.guru99.com/V3/" 2-click on login button	-	System display error message "User is not valid"		System display error message "User is not valid"	pass
TC_login_013	Verifying copying password	Verifying invalid copying password from website to notepad	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4- Try to copy Password by clicking ctrl+c	User-Id: mngr517711 Password: hUIApEh	The Password will not copy		The Password will not copy	Pass
TC_login_014	Verifying submit button	Verifying valid copying password from notepad to Website	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-paste a valid password 4-click on login button	User-Id: mngr517711 Password: hUIApEh	Password is pasted correctly, login successfully and redirected to Manager page		Password is pasted correctly, login successfully and redirected to Manager page	Pass
TC_login_015	Verifying reset button	Verifying the functionality for reset button	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on Reset button "	User-Id: mngr517711 Password: hUIApEh	All fields return to its positions and be clear		All fields return to its positions and be clear	Pass
TC_login_016	Verifying all Fields Labels are as documented in SRS	Verifying all Fields Labels are as documented in SRS	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on login button	User-Id: mngr517711 Password: hUIApEh	All Fields Labels are as documented in SRS	All Fields Labels are as documented in SRS	The name of Banking app is failed it should be Gurr99 and it is GtPI Bank Telephone number in New customer function doesn't match SRS	Pass
Balance Enquiry Module								
TC_Balance Enquiry_017	Verifying Account No field	Verifying empty Account no in Manager page system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input a valid password 4-click on login button 5-click Balance Enquiry 6-do not input a value in Account no field	User-Id: mngr517711 Password: hUIApEh	System display error message "Account Number must not be blank"		System display error message "Account Number must not be blank"	Pass
TC_Balance Enquiry_018		Verifying empty Account no in Customer page system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input a valid password 4-click on login button 5-click Balance Enquiry 6-Input invalid Account No	User-Id: 36087 Password: chitooz@25	System display error message "You must input Account No"		System display error message "You must input Account No"	Pass
TC_Balance Enquiry_019		Verifying the customer input invalid Account no (characters) system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input a valid password 4-click on login button 5-click Balance Enquiry 6-Input invalid Account No	User-Id: 36087 Password: chitooz@25 Account No: Astada	System display error message "Characters are not allowed"		System display error message "Characters are not allowed"	Pass
TC_Balance Enquiry_020		Verifying the customer input invalid Account no (Special characters) system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input a valid password 4-click on login button 5-click Balance Enquiry 6-Input invalid Account No	User-Id: 36087 Password: chitooz@25 Account No: #354%	System display error message "Special Characters are not allowed"		System display error message "Special Characters are not allowed"	Pass
TC_Balance Enquiry_021		Verifying the Manager input invalid Account no (characters) system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input a valid password 4-click on login button 5-click Balance Enquiry 6-Input invalid Account No	User-Id: mngr517711 Password: hUIApEh Account No: As158	System display error message "Characters are not allowed"		System display error message "Characters are not allowed"	Pass

TestCase#	Test Scenario	Test Cases	Test Steps	Test Data	Expected Result	Retesting in V3	Actual Result	Pass/Fail
TC_Balance Enquiry_022	Verifying reset field	Verifying the Manager input invalid Account no (Special charters) system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input a valid password 4-click on login button 5-click Balance Enquiry 6-Input invalid Account No	User-Id: mngr517711 Password: hU!ApEh Account No: @158	System display error message " Special Characters are not allowed "		System display error message " Special Characters are not allowed "	Pass
TC_Balance Enquiry_023		Verifying the Manager input invalid Account no that does not associate to him system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input a valid password 4-click on login button 5-click Balance Enquiry 6-Input invalid Account No	User-Id: mngr517711 Password: hU!ApEh Account No: 124778	System display error message " customer of this id does not exist so account can not be generated "		System display error message " customer of this id does not exist so account can not be generated "	pass
TC_Balance Enquiry_024		Verifying the Manager input Valid Account no	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input a valid password 4-click on login button 5-click Balance Enquiry 6-Input valid Account No 7-Click Submit	User-Id: mngr517711 Password: hU!ApEh Account No: 124779	redirected successfully to view Balance in Manager page	System showing error message " This page isn't working right nowdemo.guru99.com can't currently handle this request. "	System showing error message " This page isn't working right nowdemo.guru99.com can't currently handle this request. "	Fail
TC_Balance Enquiry_025		Verifying the customer input Valid Account no	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input a valid password 4-click on login button 5-click Balance Enquiry 6-Input valid Account No 7-Click Submit	User-Id: 36087 Password: chitoozz@25 Account No: 124836	redirected successfully to view Balance in Customer page	System showing error message " This page isn't working right nowdemo.guru99.com can't currently handle this request. "	System showing error message " This page isn't working right nowdemo.guru99.com can't currently handle this request. "	Fail
TC_Balance Enquiry_026		Verifying the functionality for reset button in manager page	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input a valid password 4-click on login button 5-click Balance Enquiry 6-Input valid Account No 7-Click Reset	User-Id: mngr517711 Password: hU!ApEh Account No: 124778	All fields return to its positions and be clear in the manager page		All fields return to its positions and be clear in the manager page	Pass
TC_Balance Enquiry_027		Verifying the functionality for reset button in Customer page	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input a valid password 4-click on login button 5-click Balance Enquiry 6-Input valid Account No 7-Click Reset	User-Id: 36087 Password: chitoozz@25 Account No: 124836	All fields return to its positions and be clear in the Customer page		All fields return to its positions and be clear in the Customer page	Pass
TC_Balance Enquiry_028	Verifying the manger can view and search for any customer under his supervision	Verifying the manager can search for the customers who come under his supervision	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on login button 5- click on Balance enquiry 6- input valid Account no 7- click submit	User-Id: mngr517711 Password: hU!ApEh Account No: 124778	Submit correctly and redirected successfully to view Balance in Manager page	System showing error message " This page isn't working right nowdemo.guru99.com can't currently handle this request. "	System showing error message " This page isn't working right nowdemo.guru99.com can't currently handle this request. "	Fail
Fund Transfer Module								
TC_Fund Transfer_029	Verifying Payers Account Number field	Verifying empty Payers Account Number in Manager page system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on login button 5- click on Fund Transfer 6- DO not input a Value in Payers	User-Id: mngr517711 Password: hU!ApEh	System display error message " Payers Account Number must not be blank " in Manager page		System display error message " Payers Account Number must not be blank " in Manager page	Pass
TC_Fund Transfer_030		Verifying empty Payers Account Number in Customer page system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on login button 5- click on Fund Transfer 6- DO not input a Value in Payers	User-Id: 36087 Password: chitoozz@25	System display error message " Payers Account Number must not be blank " in Customer page		System display error message " Payers Account Number must not be blank " in Customer page	Pass
TC_Fund Transfer_031		Verifying the customer input invalid Payers Account Number (charters) system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on login button 5- click on Fund Transfer 6- input invalid payers Account no	User-Id: 36087 Password: chitoozz@25 Payers Account Number:124836asd	System display error message " Characters are not allowed in Payers Account " in Customer page		System display error message " Characters are not allowed in Payers Account " in Customer page	Pass
TC_Fund Transfer_032		Verifying the customer input invalid Payers Account Number (Special charters) system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on login button 5- click on Fund Transfer 6- input invalid payers Account no	User-Id: 36087 Password: chitoozz@25 Payers Account Number:124836@@	System display error message " Special characters are not allowed in Payers Account " in Customer page		System display error message " Special characters are not allowed in Payers Account " in Customer page	Pass
TC_Fund Transfer_033		Verifying if the Payers Account Number is equal to the Payees Account Number field in the customer page	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on login button 5- click on Fund Transfer 6- input invalid payers Account no	User-Id: 36087 Password: chitoozz@25 Payers Account Number:124836 Payees account no:124836 Amount: 200 Description: Working	System display error message " Invalid Payers Account number or Payees Account number " in Customer page		Redirect successfully and show the message that " Fund Transfer Details for Account No: " and the Amount of money reaches the Payees account	Fail
TC_Fund Transfer_034		Verifying if the Payers Account Number is not associated with the Customer system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on login button 5- click on Fund Transfer 6- input invalid payers Account no	User-Id: 36087 Password: chitoozz@25 Payers Account Number: 124779 Payees account no:124836 Amount: 200	System display error message " You are not authorized for this account!!!! " in Customer page		System display error message " You are not authorized for this account!!!! " in Customer page	Pass
TC_Fund Transfer_035		Verifying the Manager input invalid Payers Account Number (charters) system displays an error	1-open url "https://demo.guru99.com/V3/" 2- input valid user_id 3-input valid password 4-click on login button 5- click on Fund Transfer 6- input invalid payers Account no	User-Id: mngr517711 Password: hU!ApEh Payers Account Number: 12479as	System display error message " Characters are not allowed in Payers Account " in Manager page		System display error message " Characters are not allowed in Payers Account " in Manager page	Pass
